Yury: This is free and open data. We just ask for a citation: **"MassGIS (Bureau of Geographic Information), Commonwealth of Massachusetts EOTSS"**.

Thank you

Paul Nutting | Outreach Coordinator-MassGIS

Subject: Importing the addree data into OpenStreetMap

Greetings!

Under what license is **the Statewide Address Points for Geocoding data from MassGIS** distributed?

Can **it be imported into OpenStreetMap**?

Best,

Yury Yatsynovich
